CHAUTAUQUA COUNTY, NEW YORK.

Director of the Mint,
Philadelphia, Pa.

Dear Sir:---

I have a little gold, mined by myself, which I should like very much to have made into coin. Can the identical gold which I send you be returned to me in coin, or will I simply get its equivalent in other gold. I think I have enough to make a twenty dollar gold piece. Kindly inform me whether you can comply with my wishes, and if so what the charges will be for alloy, etc.

Very truly yours,

Dictated.

*Don't receive less than \$100 in value
if received. Would not coin & return same gold*
